

Committee on School of Medicine

Terms of Reference

1. To steer the overall direction of the HKUST School of Medicine (SMed) by reviewing and monitoring its objectives with reference to the roadmap of the HKSAR Government and the University's Strategic Plans.
2. To advise on and review relevant proposals for Council's attention and action, for enhancement of the governance, positioning, planning and development of the SMed, and to ensure its alignment with the University's mission and vision.
3. To establish relevant policy framework in developing the SMed, by gathering professional advice of other Council Committees and external experts, and to monitor its operations and sustainable development.
4. To foster collaborations with key stakeholders, including the Government, regulators, hospitals, professional bodies, and relevant organizations, to garner their support for promoting the work of the SMed.
